Military Recruiters!

Youth and students come out against war & military recruiters!

Sat, Dec 10
12 noon

at the LA Recruiting Battalion

5051 Rodeo Rd
Los Angeles

Just east of La Brea, near MLK Blvd

Working class youth, disproportionately from communities of color, are being used by U.S. rulers as cannon fodder in Iraq, Afghanistan and elsewhere to secure profits for banks and corporations. These racist, imperialist wars are not in our interests. **On Saturday, December 10, youth, students and anti-war activists of all ages will come together to protest military recruiters at the Los Angeles Recruiting Battalion, the headquarters for Army recruitment in Southern California.** Be there with signs and banners to demand that military recruiters get out of our schools and communities immediately!

- ✓ **Stop the War & Occupation of Iraq!**
- ✓ **Military Recruiters Out of Our Schools & Communities!**
- ✓ **Money for Jobs & Education, Not War!**
