The Child Citizen Protection Act ensures that an immigration judge may consider the best interests of a U.S. citizen child before his/her parent is deported. The CCPA gives U.S. citizen children a voice in court and allows judges to consider the impact of deportation on U.S. born children.

## Facts:

- Nearly 1 in 10 American families are of mixed immigration status: at least one parent is a non-citizen and one child is a citizen.
- In just a two year period, over 13,000 American children have been separated from one or BOTH parents due to increased immigration raids alone.
