

COMMUNITY FAIR TO SAVE ADULT EDUCATION!

Bring the whole family to meet the beautiful panorama of people, and hear the inspiring voices, of Adult Ed.

Saturday, May 12th
12 to 4:00pm
MacArthur Park (at 7th and Park View St.)

Speakers, including students, teachers, community organization representatives, and community members at large will share their perspectives on the importance of Adult Ed programs in Los Angeles. Attendees can record the ways Adult Ed has changed their lives at an audio-video Story Booth. People of all ages can express themselves at the Arts and Crafts Booth. A Family Literacy Coordinator and Parent Education teacher will conduct Family Story Time for children and their caretakers. Teachers and Adult Ed program representatives will be on hand to inform the public, promote and build these vital programs. There will be music, and even a mass Zumba class by an adult instructor... because healthy bodies and healthy minds go hand-in-hand. Please feel free to bring picnic food items for family and friends.

ADULT EDUCATION IS A HUMAN RIGHT!
STUDENTS, COMMUNITY: WE MUST UNITE!
