Smash the Police State

June 2nd--6th in Seattle, Cascadia

The Law Enforcement Intelligence Unit (LEIU) is holding its annual training seminar in Seattle, June 2–6. The LEIU is a secretive intelligence network that links the intelligence squads of almost every major public law enforcement agency in the United States and Canada. It's a private club, and hence not held accountable to elected officials and not subject to the Freedom of Information Act. Big Brother is coming to Seattle, and you should be there to greet them.

Welcoming Committee Organizing Meetings Every Sunday until June 1st, 2003 starting promptly at 3:00pm at the Seattle Independent Media Center (1415 3rd Ave Downtown Seattle)
