

**AMERICANS UNITED
FOR SEPARATION OF CHURCH AND STATE
ORANGE COUNTY CHAPTER**

NEXT GENERAL MEETING

SATURDAY, OCTOBER 22, 2:00 PM

Irvine Ranch Water District
15600 Sand Canyon Ave. (at Waterworks) in Irvine

**SEX EDUCATION
IN THE PUBLIC SCHOOLS**

Our next meeting will be a discussion of how sex education is taught in the public schools with special emphasis on the problems of “abstinence-only” education and the issues that arise when young people do not have the right information. This type of “education” is being propagated in school districts around our County by the religious right.

We will follow the initial presentation with a discussion of what students and parents can do, from talking to individual teachers to working with your local school board.

Please join us for what should be a very informative afternoon.
