Founded in September 2005, San Diegans for 9/11 Truth is one of many citizen activist organizations across the country dedicated to uncovering the truth behind the wrongful deaths that took place on September 11, 2001. Concerned about evidence that contradicts the official account published in *The 9/11 Commission Report*, the group is calling for a reopening of the case and an unbiased investigation into the events of 9/11.

Mission Statement

The San Diego Citizens Grand Jury will conduct a public hearing to investigate the unanswered questions about the crimes of murder and property destruction in New York City that occurred on September 11, 2001.

Professional architects, engineers, and physicists will serve as expert witnesses, and will present compelling evidence never before seen by mainstream audiences.

As fully and impartially as possible, the Citizens Grand Jury will critically evaluate evidence and decide if indictments may be brought for specific individuals.

More than 50 percent of the U.S. population have serious questions about official version of the events of 9/11/01. The purpose of the San Diego Citizens Grand Jury is to bring clarity to this important issue.
