The military is using our schools to propagandize young people and recruit them to invade and occupy other countries. As the fighting goes on, our schools and culture become more militarized, low-income communities suffer, and money for education disappears.

We've had enough! ¡Ya no!

What the workshop will include: an orientation on existing activities and information needed to work effectively against military recruiting and the militarization of schools.

Who should attend: high school students, college students, teachers, parents, others who want to counter military recruiting and resist militarism in our schools.

ORGANIZATIONS COLLABORATING TO PRESENT THIS WORKSHOP: PROJECT YANO (YOUTH & NON-MILITARY OPPORTUNITIES), EL CENTRO CULTURAL DE MEXICO, COALITION TO END MILITARISM IN OUR SCHOOLS (CAMS), WOMEN FOR: OC, ORANGE COUNTY FRIENDS, OC PEACE COALITION, GUERRERO AZTECA PROJECT
