

War & Crisis in the Obama Era

How Can We Win the Change We Need?

Wednesday, March 25th '09 - 7pm

Join us with guest speaker, **Todd Chretien** frequent contributor to the *International Socialist Review* and a Bay Area organizer.

Will Obama end the war or do we have to? Over a trillion dollars spent on the wars on Iraq and Afghanistan so far. The worst economic crisis since the Great Depression. Will Obama's solutions work? Have we left the era of neoliberalism? Is the war really ending August 31, 2010?

For people who want to see an end to the occupation and a bailout for working people, what do we do now in the Era of Obama? What kinds of solutions would be big and bold enough to actually force the policy makers and economic elite to pay for their own crisis? How can we get there?
