## **Defend Abortion Rights!!!**

Activists, students, women and men who want to defend a woman's right to control her own body are invited to defend an important Los Angeles area Family Planning Clinic against right-wing bigots who want to take away women's right to choose. We will be counter-protesting an organization that will be targeting clinics across the United States for a period of 40 days (<http://www.40daysforlife.com>). Since the passage of *Roe vs. Wade* in 1973, the conservative right has been chipping away at abortion access on both the legal and ideological front. Currently, more than 80% of all counties in the United States have no abortion provider. It is time for this trend to stop. Access to legal and safe abortion is an important health care issue and a basic issue for women's equality. Please join us in standing up for women's rights.

Join us on the following days:

Wednesday: Sept. 23 from 6:30am-6:00pm

Saturday: Sept. 26 from 6:30am-6:00pm
