

The Mayor and Council are threatening our city services. Children and families will be hit the hardest.

Children's Crusade to Save City Services!!!

What the proposed cuts mean to families:

1. Closing all city-operated child care agencies,
2. Limiting children's organized sports, cultural programming and afterschool activities
3. Reducing hours and access to City Libraries,
4. Eliminating programming for at-risk youth,
5. Restricting Senior programs
6. Cutting back time that the public pools are open.

There is a better way for LA. The Coalition of City Unions challenges the Mayor and Council to develop a real plan to solve the budget problem.

So join us...

Wednesday, March 31, 2010
