This 2025 film pulls back the curtain on two of the most controversial issues in America today: book bans and curriculum censorship in public schools. Banned Together follows three students and their adult allies as they fight to reinstate 97 books suddenly pulled from their school libraries. As they evolve from local to national activists – meeting with bestselling/banned authors, politicians, Constitutional experts, and more – the film reveals the dark forces behind the accelerating wave of book bans in the U.S.

This documentary comes at a pivotal moment in the fight for free expression, as challenges to books and curriculum continue to rise across the country.
